- *We give you a chance to SPEED UP YOUR LEARNING CURVE and start getting reps of what it takes to play hockey at the highest levels.
- * Recommended for Players (14+), Teams & Coaches

Developed for all players who want to gain a great game understanding & learn a thought process that will lead to better on-ice decision making!

Also a great option for:

- **Coaches.** Our experience is that coaching players with this knowledge makes your job as coaches a lot easier with less "preaching" and more asking questions. *Get players to start thinking like a coach!*
- **Parents** armed with this knowledge, understand what questions to ask the players to make sure their player grasps the content. Parents can become involved in a healthy way with their player's development.
